

The 'Gold service'.

All clients receive a quality service with a panel of approved Barristers.

However, for clients who want to increase their chances of avoiding a driving ban we can offer the 'Gold Service'.

Gold clients receive the following additional benefits to their case

(1) Having a senior Barrister with exceptional talent to represent you in Court.

(2) The Principal of the firm dealing directly with your case (as opposed to case supervisor with the standard service)

One client who paid for the gold service successfully avoided a driving ban at the Stratford MC in 2015 after a District Judge was persuaded by Phillip Lucas, one of our Gold panel Barristers that the breath test machine was unreliable.

It is often critical in such cases not to just have an expert opinion from a scientist, but also to have the case presented at Court in such a way that the Court has little alternative but to acquit you of the charges. This is where having an exceptional Barrister can give you the edge.

Our Gold Barristers

Here is a profile for Phillip Lucas.

Philip is a specialist in motoring law and has successfully defended a number of high profile clients. He is outstanding in technical defences to breath and blood alcohol charges. Call date 1995.
